

# EGSAC meeting - November 2006

Participants: 4 atmo/oceans/planetary, 6 GGG.

Topics discussed:

1. Graduate students skit for the department holiday party
2. GSC reps
3. Long Pond for next year
4. Slide show and calendars
5. AGU peer-hour
6. Thanksgiving themed peer hour

**1) Skit for holidays party:** Angela will send an email about this, requesting ideas. Current ideas: mock the faculty (never there, so many left, search committee) or parody of the Nativity story.

**2) GSC reports:** Pat reported from a GSC meeting that took place a couple of weeks ago. They mostly discussed budget.

- A few large parties are planned for the spring. There will not be an Edgerton formal this spring, and instead there will be a formal as part of the Charm school.
- Networking for students with children-¿ web page. Discussed if to take a professional page designer or not.
- Community service group suggested fellowship for community service grad students (currently available primarily for undergrads).
- GSC ski trip already full. People can try and check for a waiting list

**3) Long Pond for next year:** Andrew volunteered to organize Long Pond trip next year again. Laura will help him. Reservations have to be made by February.

**4) Slideshow/calendar:** The slide show was good. Analysis of the voting was done by Laura, who will send an email regarding the calendars. Plan is to get the calendars done just after thanksgiving, and sell them until the Christmas holiday. Laura will get somebody to distribute some calendars at AGU to alumni, maybe through the EAPS desk.

**5) AGU peer hour:** Noah is organizing, will probably be on Wednesday night.

**6) Color turkeys:** Come to peer hour today to color your turkey, in an EAPS-related fashion or not.
